Solid Waste Agreement – City of Abernathy
6.03 CONTRACTOR shall defend, indemnify and hold harmless the CITY, its agents and employees from all suits, actions, or claims of any character, type, or description brought or made for or on account of any injury or damages received or sustained by any person or persons or property, arising out of, or occasioned by, the acts of CONTRACTOR or its agents or employees. CONTRACTOR shall provide a defense of such claims at its own expense with legal counsel who shall report to the CITY. In the event a final judgment is entered that makes a specific finding that the CITY is at fault in all or a portion of the allegations raised, in that event, the amount of indemnity shall be reduced by the percentage of fault attributable to the CITY.

7. COMPENSATION

7.01 CONTRACTOR shall be compensated for services actually provided in accordance with the attached Exhibit “A”, and as described in this Section. City and Contractor agree that if any out of town (beyond City limits) customers are serviced and billed in addition to this agreement, that Contractor’s rates to be charged and billed will be at twice the contract rates herein for such customers. This Section shall not require nor obligate either the City or Contractor to provide such out of town service and both parties must agree to any such out of town service, the billing rates, and compensation.

7.02 CITY and CONTRACTOR agree that the initial rates described in the Contractor’s Bid reflect current fuel price and is subject to adjustment as follows: As of June 25, 2013, the current fuel price is $3.69 per gallon for diesel fuel. Such figures shall be the “Base Price” for monthly adjustment as provided herein. Contractor shall provide to City a monthly report of fuel purchased to service this agreement for each of the first three months service is provided. The gallons purchased within these reports shall then be averaged to establish a “Base Amount” for which Contractor’s adjustment will be allowed, but in no case shall this amount exceed 600 gallons for any one month.

7.03 The CONTRACTOR may seek a cost of living rate adjustment with the CITY if the actual wages paid by CONTRACTOR to its drivers and staff who are actually employed in servicing this agreement cumulatively exceed three (3) percent of the rates established in the Contractor’s Bid in a given calendar year.

7.04 CONTRACTOR may seek a rate adjustment during the term of this agreement if the disposal charges increases from the (base line) market price of $29.50 per ton, as established in Exhibit “A”.

7.05 Rate increases may be granted at the sole discretion of the City Council. In the event that the CONTRACTOR seeks a rate increase which is denied, then Contractor’s sole remedy shall be termination of this agreement. Such termination may be accomplished by delivery of a written notice of termination to the CITY at least six (6) months prior to the date of termination of this agreement.
7.06 The CITY shall submit statements to and collect from all residential and commercial customers for services provided by the CONTRACTOR including accounts that are delinquent.

7.07 The CONTRACTOR shall discontinue refuse collection service at any Residential Unit as set forth in a written notice sent to it by the CITY. Upon further notification by the CITY, the CONTRACTOR shall resume refuse collection on the next regularly scheduled collection day. The CITY shall indemnify and hold the CONTRACTOR harmless, to the extent allowed by law, from any claims, suits, damages, liabilities or expenses (including but not limited to expenses of investigation and attorney's fees) resulting from the CONTRACTOR'S discontinuing service at any location at the direction of the CITY.

7.08 The CONTRACTOR shall have the right to discontinue refuse collection service at any Commercial or Industrial Unit delinquent in its payments.

7.09 The CONTRACTOR shall bill CITY for service rendered to Residential and Commercial Units within ten (10) days following the end of the month and the CITY shall pay the CONTRACTOR on or before the 30th day following the end of such month. The CONTRACTOR shall be entitled to payment for services rendered to Residential and Commercial Units without regard to whether the CITY collects from the customer for such service.

8. DEFAULT

8.01 Failure to meet any of the terms and conditions of this agreement on the part of CONTRACTOR shall be an event of default. Additionally and specifically it shall be an event of default if the CONTRACTOR fails to collect all the solid waste that is appropriate for collection on the day it is presented and scheduled for collection unless performance is excused as described below. Upon the occurrence of such event of default, the CONTRACTOR will be in default if the CONTRACTOR fails to cure the event of default within 72 hours from its occurrence. In the event of default, the CITY may take any of the following actions:

a. Employ any and all means deemed necessary or advisable by the CITY in its sole discretion to provide the services to the public contemplated by this agreement. The CITY shall have the right, at its option, to take possession of and use all of CONTRACTOR'S local facilities and equipment used in performance of this Contract without being liable for any form of conversion or taking;

b. Deduct the actual cost incurred by the CITY from any money then due or to become due to the CONTRACTOR and, should the CITY'S cost of continuing the operation exceed the amount due to the CONTRACTOR, collect any excess amounts due from the CONTRACTOR on its Surety Bond and, if necessary, assert a lien on all real and personal properties of the CONTRACTOR.
c. During such period the liability of the CITY to the CONTRACTOR for loss or damage to equipment and facilities so used shall be that of a bailee for hire, ordinary wear and tear being specifically exempt from such liability.

d. The CONTRACTOR agrees that monetary damages are not an adequate remedy for the CONTRACTOR'S failure to collect the solid waste as required by this contract, nor could monetary damages be the equivalent of the performance of such obligation and accordingly, the CONTRACTOR hereby consents to legal proceedings seeking specific performance of such obligation of CONTRACTOR to be filed in the District Court of Hale County, Texas.

8.02 Neither CITY nor CONTRACTOR shall be liable for failure to perform their duties if such failure is caused by a catastrophe, riot, war, fire, flood, landslide, lightning, act of God, or similar contingency beyond the reasonable control of the parties to this contract. However if CONTRACTOR is unable to perform for any reason then CITY shall at its sole discretion be entitled to employ and any all method and means which may be necessary (including taking possession of CONTRACTOR’S equipment) in order to protect the health and safety of its residents and CONTRACTOR shall have no recourse against CITY as a result of such actions except for the reasonable rental value of its equipment.

9. TERMINATION

9.01 This contract may be terminated by the CITY upon the following occurrences:

a. Mutual agreement of the parties;

b. Failure of CONTRACTOR to dispose of waste to a certified landfill or in any other manner as allowed by law.

c. All terms and conditions of this contract are considered material and failure to perform any part of this Contract shall be an event of default. Upon the occurrence of such an event of default, the CONTRACTOR will be in default if CONTRACTOR fails to perform any of its contractual obligations within the period of time stated in the contract. If a period is not otherwise stated in this contract within which an obligation must be performed, the CONTRACTOR will be in default if the CONTRACTOR fails to perform such obligation within seven days after written notice of such failure is delivered to the CONTRACTOR. Upon default by CONTRACTOR, the CITY shall have the right to:

1. Terminate this contract upon written notice to the CONTRACTOR.

   A. Immediately take possession of the CONTRACTOR'S local facilities, equipment and operational records until such time as other items can be acquired by the CITY for operation of the system or another CONTRACTOR is engaged to perform this service;
B. At its option purchase CONTRACTOR'S local facilities and equipment or any part thereof at the then fair market value thereof;

The CITY shall pay the CONTRACTOR the reasonable rental value of the CONTRACTOR'S local facilities and equipment actually used by the CITY during the time that the CITY is using the equipment in the event the CITY elects not to purchase the equipment. Liability of the CITY to the CONTRACTOR during the period in which the CITY is using the equipment shall be that of a bailee for hire, ordinary wear and tear is specifically exempted from such liability.

2. Take such action as may be necessary to collect from CONTRACTOR'S surety company such funds as may be necessary to reasonably compensate the CITY for any costs and/or expenses incurred or to be incurred as a result of default.

3. Take such action and exercise such rights as the CITY may have at law or in equity, including, without limitation, the right to seek injunctive relief and specific performance of CONTRACTOR'S obligations under this contract. All rights and remedies of the CITY shall be cumulative and exercise of any right or remedy shall not be deemed a waiver, relinquishment or abandonment of any other right or remedy.

9.02 This contract may be terminated by CONTRACTOR upon the following occurrences:

a. Mutual agreement of the parties;

b. Breach by the CITY of any of the conditions, covenants, or agreements contained herein upon thirty (30) days written notice to CITY by CONTRACTOR to cure such breach, covenant, condition or violation by CITY. Such notice must define with specificity the alleged breach and any and all actions necessary by CITY to remedy such breach. In the event the alleged breach cannot be cured within the thirty (30) day time period, then CITY shall immediately institute actions required to cure such breach within a reasonable time;

c. If any federal, state, county or municipal disposal site law, regulations or requirements are implemented subsequent to the execution of this agreement, which, in CONTRACTOR'S sole discretion, makes it impossible to provide the services contemplated under this contract or cause the continued compliance with this contract to be economically and financially unprofitable for the continuation of the services by CONTRACTOR. If CONTRACTOR elects to terminate this contract pursuant to this paragraph, CONTRACTOR shall be required to provide the CITY six (6) months notice of its intent to terminate this agreement in accordance with this paragraph.
